**UNIVERSITY TEST RESULTS NOW EASILY
ACCESSIBLE ONLINE FROM QUALI-PRO®**

Raleigh, NC – May 2008 — Results from the on-going product research being conducted by Quali-Pro® Technical Services are now directly accessible from the Quali-Pro home page.

According to Russ Mitchell, Quali-Pro Marketing and Product Director, “Providing high-quality product requires diligence and dedication. Quali-Pro invested in a dedicated Technical Services group to work with university and other third party professionals to conduct on-going research trials, including performance verification and product comparison tests. We are pleased to make this data available to the marketplace on the Quali-Pro web site.”

Online tests results feature current university research results on a variety of Quali-Pro products. Now it’s easy to find out where Quali-Pro products stand in head to head comparisons with some of the big names in the business. Results from university tests and commercial usage reveal similar performances – Quali-Pro products deliver the highly effective control that industry professional’s demand.

Know the sign. **Greater Than Or Equal To** — Quali-Pro products feature formulation quality second to none for performance results equal to the competitive brands they replace. Now the proof is all in one place, online, and available 24/7 for your convenience at www.quali-pro.com.
